Grangers up a Point and Other Stocks a Fraction.

ADVANCED ON LIGHT TRADING.

Large Transactions in Silver Bullion and a Sharp Fall in Price.

WALL STREET, MONDAY, Feb. 16-6 P. M. The grangers are up one per cent this evening and the other more active stocks have gained a

Silver bullion, on the other hand, opened % lower, at 99%, and ended within % of that figure, having meanwhile vibrated within fractional limits, although the transactions ran up to nearly

half a million ounces. London bought a few stocks on the notion that the danger of free coinage legislation has virtually passed; and the Triangle bought and bid-particularly bid-up prices. The smaller traders, who last week put out a small line of shorts in the grangers,

were uneasy and bought to cover their contracts. The buying from all these sources, however, wa very light, since the day's transactions aggregated only 121,000 shares, and of this St. Paul alone represents 16,600. There was no evidence of any outside interest in the market, and every day that passes merely concentrates a few more shares in the hands of the "Little Wizard" and his allies.

There is so little doing, however, that he seems to be in no danger of repeating the mistake he made in 1884, when he was forced into taking such a load as very nearly broke his financial spine in the early summer of 1885, when the late C. F. Woerishoffer and his bear combine made a dicker | for some time. and relieved him of 50,000 shares of Western Union at a figure comfortably below the market price.

Some of the cliques moved up their several specialties in good form to-day—Chesapeake and Ohio preferred issues, 1% and 1% respectively; Jersey Central, 114; Mobile and Ohio, 116, and Peoria, Decatur and Evansville, 1%. Louisville opened up 16 on a preceding advance in London, and gained 34 further, mainly on the buying of foreign houses. Wheeling and Lake Eric advanced 1% on brisk trading and closed at the highest.

"Whiskey Trust" shares fell 3 further to 41% on the scare caused by Secretary Gibson's insane projects, rose to 45 on Western buying when the regular monthly dividend of 1/2 per cent was declared and | final adjournment of the meeting. after considerable fluctuating ended at 44. Not a word was heard all day of or from "the Little Wizard." The governors of the Stock Exchange this evening formally decided to close the Exchange at noon on the day of General Sherman's

Sales at the Board amounted to 121,216 shares (silver bullion certificates not included), against 39,704 on Saturday and 115,370 on Friday. Following is a summary of to-day's market :-
